String Bars

Compact Notes And Auto Rests

Compact note duration syntax:

Auto rests fill the remaining bar duration:

Ambiguous auto rests use representable equal durations when possible:

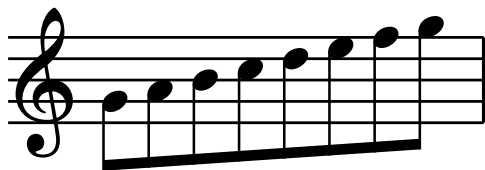

Beaming Syntax

Individual flagged eighths:

Connected eighths:

Mixed durations keep the beam group local:

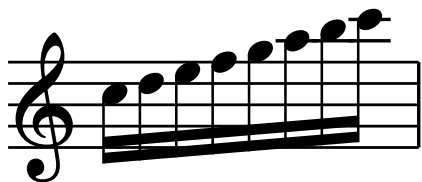

Mixed stem directions still beam together:

Slash breaks a beam group:

Connected sixteenths:

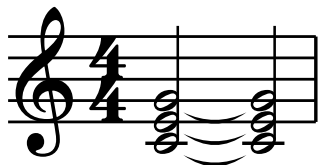

Ties

A tie within a bar (drawn opposite the stem side):

Tied chords share the curve per pitch:

A tie crossing a barline in a score:

G major, 3/4:

B-flat major in bass, 4/4:

Multiple Bars

Multi-Bar Score

Parallel treble/bass arrays with a slur crossing the barline:

Parallel arrays can use dictionaries for key/time changes:

Measure dictionaries with key and time changes:

Sections And Voices

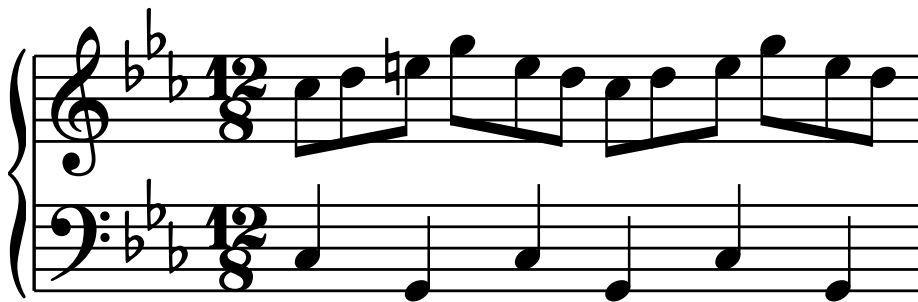

Sections let long regions carry their own key/time defaults:

Moderato

Meno mosso

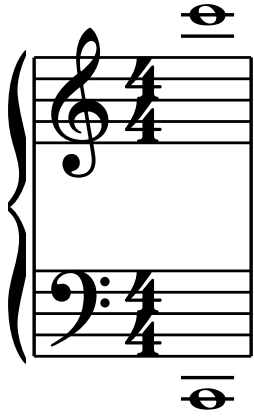

Piano Sketch

Small scale stress: time signatures and stems should remain visible.

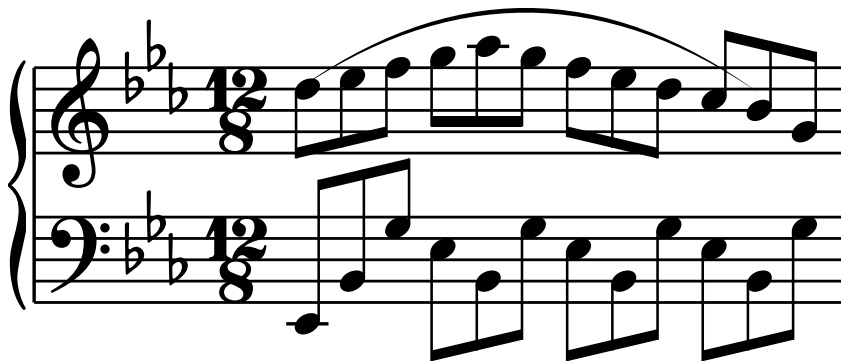

Wide piano gap should keep the brace intact:

Expected Compile Errors

These are intentionally shown as source examples rather than compiled calls:

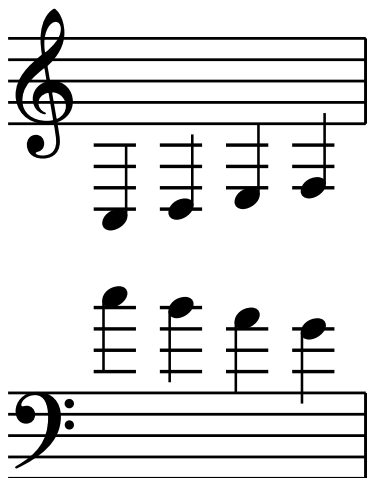

```
#score(treble: ("C5:w", "D5:w"), bass: ("C3:w",))
#score(treble: "C5:q", bass: "C3:w", time: "4/4")
#score(treble: "C5:q[s1(] D5:q E5:q F5:q", bass: "C3:w", time: "4/4")
#score(treble: "C5:q[s1)] D5:q E5:q F5:q", bass: "C3:w", time: "4/4")
```

Extreme Register Stress

Low treble and high bass should not collide:

Ledger-heavy single staves:
